

Notes from an emerging Mobile SIG at OUCS

ICT Forum Conference 2008
16 July 2008

Paul Trafford
Computing Services

A symbol of Mobility

“ **Mobility** has become the key characteristic of our period. Social and physical mobility, the feeling of a certain sort of freedom, is one of the things that keeps our society together, and the symbol of this freedom is the individually-owned **motor-car..** ”

Alison and Peter Smithson c. 1962

The new symbol?

“ **Mobility** has become the key characteristic of our period. Social and physical mobility, the feeling of a certain sort of freedom, is one of the things that keeps our society together, and the symbol of this freedom is the individually-owned **mobile phone**.. ”

Poetic license c. 2008

What do we mean by **Mobile**?

1981: Portable Computer

- *5" greyscale screen*
- *64K RAM*
- *External keyboard*
- *Office software*
- *Optional modem*
- *Optional battery pack*

2007: Handheld Computer

- *1.5" colour screen*
- *128MB RAM*
- *Touch screen*
- *Groupware, Multimedia*
- *Bluetooth, GPRS*
- *Built-in battery*

What do we mean by **Mobile**?

1981: Osborne 1

- *Weight: 11Kg*

2007: MyMobile M500

- *Weight: 60g*

What do we mean by **Mobile**?

1981: Osborne 1

- *Weight: 11Kg*

2007: MyMobile M500

- *Weight: 60g*

What do we mean by **Mobile**?

1981: Osborne 1

- *Weight: 11Kg*

2007: MyMobile M500

- *Weight: 60g*

Rationale: Why a SIG?

- Growth in connectivity (OWL, Eduroam etc)
- **Convergence** of services through smartphone
- Groupware survey and mobility
- Increase in help desk queries
- Need some coordination and a strategy (see *OxMobile* document)

Who?

- 20 members from OUCS covering 4 groups (Networks & Telecoms, Information and Support, Learning Technologies and Technical Services)
- Co-ordinator (today only!): Paul Trafford
- Co-ordinators (from tomorrow):
 - **Rowan Wilson** 
 - **James Partridge** 

Purpose

Remit:

“ The 'OUCS Mobile' SIG has been set up to address handheld, mobile and ubiquitous computing in broad terms - the infrastructure, services, devices and tools that extends the University's activities beyond the usual physical confines of offices, lecture rooms, laboratories, etc”

Objectives

“The overall objective of the Mobile SIG is to contribute to making ICT truly pervasive across the University through the development of a mobile-specific strategy and a number of mobile projects.”

i.e. two foci: **services** and **projects**.

Work Carried Out So far

- Set up in January 2008, following OUCS staff meeting (No specific funds!)
- SIG Wiki
- SIG blog: <http://oucsmobilesig.blogspot.com/>
- OUCS Web: info on wireless access, E-mail instructions for herald
- mailing list
- fairly regular meetings
- e-mail contact mobile@oucs.ox.ac.uk -> mobile RT queue

OUCS Web access stats 1/2

Email Top Content

1 Apr 2008 - 27 Jun 2008
Comparing to: Site

18 URLs containing "mobiles" were viewed a total of 1,762 times

[Source: Google Analytics]

OUCS Web access stats 2/2

18 URLs containing "mobiles" were viewed a total of 1,762 times

Project Proposals

- Eduserv: OxPDA – University e-Diary
- Eduserv: 2D Barcodes for Museum Displays
- JISC: E-resources Easily: Erewhon
- JISC: Podcasting

Ideas for Future Development

- Guidelines for developing mobile-friendly Web content
- Mobile Groupware: development, testing, documentation etc.
- Guides on delivering teaching materials to mobile devices
- Support for mobile devices...?

What's available to ITSS now?

- pda-discuss – encourage users to post there
- ITSS Sigma Wiki:
<https://wiki.oucs.ox.ac.uk/itss/Mobile>
- mobile@oucs.ox.ac.uk – but currently only on a best efforts basis
- Some info on OUCS Web site

Discussion: How should ITSS be involved?

- First: Any interest?
- Communication
- Documentation
- Project Partners
- OUCS 5 Year Plan
- Seminars
- *Other suggestions?*

Optional Demo

HTC P3600 < - > Asus Eee PC

(works better with interactive whiteboard!

<http://handheldmusings.blogspot.com/2008/05/smartboard-demo-of-my-mobile-life.html>)

Contact: mobile@oucs.ox.ac.uk
